

# *ENERGY TECHNOLOGIES AND RESOURCE SAVING*

*Scientific-Technical Journal*

Founded in January, 1960. Comes out 4 times a year

*№ 1, 2017*

---

---

## **Contents**

### **Fuel and Energetics**

- 3 Soroka B.S., Horupa V.V.** Analysis of the Process of Condensation of Gas Atmospheres and Combustion Products

### **Energy Saving Technologies**

- 19 Bezrodnyi M.K., Prytula N.A., Gobova M.A.** Optimal Working Conditions of the Ground Source Heat Pump for Heat Supply

### **Thermalphysic Basics of Processes**

- 27 Snigur A.V., Prazhennik Yu.G., Marchuk Yu.V., Bondarenko B.I.** Thermodynamic Modeling of Solid Fuel Combustible Weight Gasification Processes
- 39 Pjatnichko A.I., Bondar V.P., Zhukov V.O., Zhukova S.V.** Minimum of Exergy Losses in Non-Equilibrium Processes of Actuating Mediums Heat Exchange

### **Raw Materials Processing and Resource Saving**

- 45 Rudyka V.I.** Potential of the DRI Technologies and Directions of its Usage in Iron and Steel Production (Review)

### **Wastes Purification and Processing**

- 54 Braverman V., Vlasyuk V.** Technologies of Utilization of Municipal Solid Waste as a Source of Receiving Alternative Energy Resources on the Example of Odessa Region (Review)

### **Environment Protection**

- 60 Gomelya N.D., Hlushko O.V., Trohymenko G.G., Butchenko L.I.** Electrolytic Removal of Heavy Metals Ions from Muriatic Solutions

# *ENERGY TECHNOLOGIES AND RESOURCE SAVING*

*Scientific-Technical Journal*

Founded in January, 1960. Comes out 4 times a year

*№ 2, 2017*

## Contents

### Fuel and Energetics

- 3 **Pikashov V.S., Velikodny V.A.** Features of the Use of Refinery Gases for Heating Furnaces and Boilers

### Energy Saving Technologies

- 11 **Nikitin Ye.Ye.** Conceptual Positions of Modernization of Existing Inefficient District Heating Systems

### Raw Materials Processing and Resource Saving

- 22 **Rudyka V.I., Malyna V.P., Fedak S.P., Tsybal O.A.** The Main trends in the Development of World Coke-Chemical Industry at the Present Stage (Review)

### Thermalphysic Basics of Processes

- 30 **Bondar V.P.** Conditions of Minimal Loss of Exergy in Non-Equilibrium Processes of Actuating Mediums Heat Exchange

### Environment Protection

- 35 **Karp I.M., Pyanykh K.E., Nikitin E.E.** The Problem of Disposal and Destruction of Sewage Sludge and its Solutions (Review)
- 49 **Kolesnyk V.V., Orlyk V.M., Khvastukhin Yu.I., Kostohryz K.P., Zhaivoronok V.A.** Calcination of Small-Grained Limestone in Fluidized Bed of Inert Granular Material. Part 1. Mathematical Description of Limestone Particle Calcination Process
- 59 **Shamanskiy S.I., Boichenko S.V., Matvyeyeva I.V.** Technological Foundations of Environmentally Friendly Organization of a Sewage System

### Devices and Equipment

- 67 **Torchinskiy A.I., Ljashko A.Yu., Chichua Z.** Upgrade of the Tunnel Furnace of Roasting of a Ceramic Brick at the Entity «Metekhis ceramics» (Georgia)

# *ENERGY TECHNOLOGIES AND RESOURCE SAVING*

*№ 3, 2017*

## Contents

### Fuel and Energetics

- 3 Soroka B.S., Horupa V.V.** Modern State-of-the-Art And Directions For Improvement The Gas Burning in Domestic Gas Cookers. Part 1. Scientific and Technological Principles of Efficient Fuel use and Environmentally Friendly Gas Combustion in Stove Plates

### Energy Saving Technologies

- 19 Kovalyshyn B.M.** The Role of Electrical Activation of Molecules Reagents Combustion Reaction in the Energy Efficiency of Fuel Combustion Installations with a Propane-Butane Mixture and Natural Gas

### Thermalphysic Basics of Processes

- 25 Moraru V.N.** The Mechanism of Raising and Quantification of Specific Heat Flux At Boiling of Nanofluids in Free Convection Conditions

### Raw Materials Processing and Resource Saving

- 35 Bilousova N.A., Herasymenko Yu.S., Red'ko R.M., Yatsishina N.A.** Effect of Ultrasound on Scale Formation and Corrosion Protection Of The Heat Exchange Surface

### Environment Protection

- 42 Makarenko I.N., Trus I.N., Petrychenko A.I., Kiichenko A.Yu.** Study of the Efficiency of Sorption Treatment Water from Ammonium Ions on Natural and Artificial Sorbents
- 49 Volchyn I.A., Kolomiets O.M., Raschepkin V.A.** An Alternative Solution to ESP Reconstruction for the Coal Firing Thermal Power Plants

### Devices and Equipment

- 56 Torchinskij A.I., Ljashko A.Yu., Shkarlinskij O.F., Chichua Z., Volobuev S.V.** Energy-Saving Equipment Implementation in Tunnel Kiln For Ceramic Bricks Calcination
- 63 Olabin V.M., Maksymuk O.B., Trukhan S.P., Nikitina I.V.** Recuperators of Melting Bubbling Furnaces

### Information

- 69** 13-th International Scientific and Practical Conference «Coal Heat Power Industry : Ways of Reconstruction and Development»
