

ENERGY TECHNOLOGIES AND RESOURCE SAVING

Scientific-Technical Journal

Founded in January, 1960. Comes out 6 times a year

№ 1, 2011

Contents

Fuel and Energetics

- 3** Golenko I.L., Protsko A.A., Kiruta V.L. Steam Coals and Solid Fuel Mixtures Dust Segregation by Ash Content and Volatile Yield
- 8** Denisova A.E., Troitskij A.N. Algorithm of Soil Heat Exchanger Thermalphysic Parameters Calculation for Thermal Pump
- 12** Kachan Yu.G., Kuris Yu.V., Levitskaja I.N. The Efficiency of Bio Power Fuel Anaerobic Manufacture Technology

Energy Saving Technologies

- 17** Nikitin E.E. Operational Monitoring and Analysis of Natural Gas Use Efficiency in Manufacturing Enterprise

Raw Materials Processing and Resource Saving

- 28** Antonenko L.P., Baranova D.A., Shischits S.M., Bilan A.D. Floatation Influence on Waste Paper Mass Qualitative Characteristics
- 34** Sidorenko A.S., Sidorenko S.V., Kojan O.P., Bondarenko O.B., Ivachkin Ya.A. Graphite Heat Treatment in Fluidized Bed Time Calculation
- 38** Rudoy A.P. Arc Spraying Application for Strengthening of Engines Plunger Rings

Wastes Purification and Processing

- 41** Kashkovsky V.I. Waste Tires Thermolysis Oil-Fuel as Addition Agent to Oil Products
- 46** Barbash V.A., Shabanov M.V., Grabovskiy O.V., Rakhmetov D.B. Fuel Briquettes from Vegetable Raw Materials Wastes

Environment Protection

- 50** Ennan A.A., Baidenko V.I., Zacharenko J.S. Impregnated Fibrous Chemisorbents
- 57** Rossokha A.A. Persistent Organic Pollutants Neutralization in Alkaline Metals Molten Salts
- 60** Psareva T.S., Zakutevskiy O.I., Kobuley O.P. Uranium (VI) Ions Sorption by Zeolite Modified with Sodium Alginate

Devices and Equipment

- 64** Khvastukhin Yu.I., Kolesnik V.V., Orlyk V.M., Kostogryz K.P. The Features of Fluidized Bed Apparatus of Trough Type Calculation for Disperse Materials Heat Treatment
- 69** Torchinskij A.I., Ljashko A.J., Krjachok J.N., Sergienko A.A., Volobuev S.V., Taukchi F.G. Tunnel Furnaces Stock for Ceramic Brick Manufacture Modernization. 3. The Automatic Control System Development
- 74** Pikashov V.S., Velikodny V.A., Osievsky V.A. Gas Combustion by Injector Burner with Annular Injector on Fire Stand
- 78** Bykov G.A., Bykova O.G. Gas-Dynamic Characteristics Deformation Principles of Turbocompressor during Exploitation

ENERGY TECHNOLOGIES AND RESOURCE SAVING

Scientific-Technical Journal

Founded in January, 1960. Comes out 6 times a year

№ 2, 2011

Contents

Fuel and Energetics

- 3 **Berezovsky V.N., Pyatnichko A.I., Krushnevich T.K.** The Efficiency of Liquefied Natural Gas Regasification Processes Increase
- 7 **Bestseny I.V., Bondzik D.L., Shudlo T.S., Nehamin M.M., Yevtuhov V.J., Dunaevskaya N.I.** The Investigation of T and AIII Coles Type Blends Combustion Stability
- 11 **Krushnevich S.P.** The Exergic Analysis of Simple Cycle Gas Turbine Engine
- 16 **Klymenko V.V., Skrypnyk A.V., Korniyenko V.N.** Gas and Hydrate Natural Cold Accumulators in Active Aeration Systems for Fruit and Vegetables Depositories

Energy Saving Technologies

- 20 **Strashko V.V.** Energy-Active Enclosure Structure with Thermal Pump and Soil Seasonal Heat Accumulator Combined Operation

Raw Materials Processing and Resource Saving

- 27 **Bilousova N.A., Donchenko M.I., Gerasymenko Yu.S., Redko R.M., Savorona O.M.** The Methods of Ecologically Safe Steel Protection from Water Corrosion. 2. Protective Layers Formation by Aluminum Anodic Dissolution
- 33 **Starchak V.G., Olexienko S.O., Ivanenko K.M., Machulski G.M., Polishuk T.M.** The Functional Reliability and Ecological Safety of Pipeline Transport Increase
- 37 **Kozhan A.P., Strativnov E.V., Dmitriev V.M., Ryabchuk V.S.** The Investigation of Oxidized Graphite Thermal Treatment
- 41 **Kravchenko I.V., Dychlovoi V.I., Zbirko E.V.** The Mechanism of Nitric Acid Thermal Decomposition

Wastes Purification and Processing

- 46 **Kuznetsov V.A., Rutberg Ph.G., Bratsev A.N., Popov V.E., Ufimsev A.A., Shtengel S.V., Lerner A.S., Subbotin D.I.** Gasification of Used Car Tires by Air and Steam Plasma
- 51 **Zaichenko V.N., Fomanyuk S.S., Krasnov Yu.S., Kolbasov G.Ya.** Wolfram and Cobalt Regeneration from Secondary Raw Materials

Environment Protection

- 55 **Dmitriev V.M., Kozhan A.P., Ryabchuk V.S., Bondarenko O.B., Hohulya I.M.** Reservoirs and Ground Surface under Emergency Oil and Petroleum Products Spills Clearing by Thermal Expanded Graphite Basis Sorbent
- 63 **Denisov A.A.** Catalytic Three-Dimensional Compositions on Metal Carriers in CO Oxidation by Air Oxygen Reaction (Review)

Devices and Equipment

- 71 **Troshenkin B.A., Troshenkin V.B.** Heat Exchange by Boiling and Condensation Processes 1. Heat Exchange by Phase Transformations Calculation Method on Thermodynamic Laws Basis

ENERGY TECHNOLOGIES AND RESOURCE SAVING

Scientific-Technical Journal

Founded in January, 1960. Comes out 6 times a year

№ 3, 2011

Contents

Fuel and Energetics

- 3 Soroka B.S., Zgurskyi V.A., Vorobyov N.V. Definition of Principal Characteristics of Gas Mixtures Combustion. 3. Burning Velocity of Natural Gas with Humidified Oxidant
- 16 Beloded V.D., Tarasenko P.V. Gasification as Perspective Method of Solid Fuel Energy Utilization

Energy Saving Technologies

- 22 Khortova O.A. Thermodynamical Bases of Increase of Thermal Power Stations Operational Efficiency

Raw Materials Processing and Resource Saving

- 28 Logvynenko D.M., Pilipenko R.A., Pikashov V.S., Pilipenko O.V., Pochupaylo V.V., Oliinyk I.G. The Experimental Study of Firing Conditions of Dry Pressing Bricks from Chechelnyzky Deposit Raw
- 33 Kurmakova I.N., Prihodko S.V., Bondar E.S. Steel Biocorrosion with Organic Pollutants Presence
- 38 Kosorukov P.A. The Investigation of Mineral Composition and Main Properties of Saponite from Varvarovsky Deposit

Wastes Purification and Processing

- 43 Karp I.N., Vasechko O.O., Aleksyeyenko V.V., Sezonenko A.B. Medical Wastes Utilization Technology
- 48 Lysenko E.V., Kaliuzhnyi V.V., Serdyuk A.I., Kravets V.A. The Analysis of Pyrolysis Products Composition of Domestic Polymeric Wastes

Environment Protection

- 52 Bondarenko B.I., Pyatnichko A.I., Zhuk H.V. Hydrate Storage of Carbon Dioxide
- 55 Shabliy T.A., Goltvynitskaya E.V., Gomelya N.D. The Estimation of Magnesite Impact on Reagent Water Softening Efficiency

Devices and Equipment

- 61 Vinogradov-Saltykov V.A., Dekusha O.L., Martsenko V.P., Fedorov V.G., Kepko O.I. Heat Loss from Exterior Surfaces of Heat Engineering Equipment Contactless Determination
- 65 Fialko N.M., Prokopov V.G., Navrodska R.A., Stepanova A.I., Presich G.A., Shevchuk S.I., Glushak O.U. The Durability of Gas-Escape Channels of Boiler Installations by Modern Heat-Utilization Technologies Application Increase

Brief Communications

- 70 Biletska A.S., Shklyar V.I., Dubrovska V.V., Borysyuk V.D. Water Cooling Device of Cooling Tower of Cherkassky Thermal Power Station Efficiency Increase
- 73 Trotsenko L.N., Pikashov V.S. Industrial Furnases Construction and Heating Work Development
- 76 Fedienko A.V., Stoudenets V.P. The Efficiency of Thermal Pump Unit on Stirling Machine UDS-1 Basis
- 79 Verekh-Bilousova K.I. Coal Industry Wastes Use as Aluminium Raw Materials Sources

ENERGY TECHNOLOGIES AND RESOURCE SAVING

Scientific-Technical Journal

Founded in January, 1960. Comes out 6 times a year

№ 4, 2011

Contents

Fuel and Energetics

- 3 Soroka B.S., Zgurskiy V.A., Vorobyov N.V. Definition of Principal Characteristics of Gas Mixtures Combustion. 3. Burning Velocity of Natural Gas with Humidified Oxidant
- 14 Marchenko A.P., Osetrov A.A., Dubey I., Maamri P. Calculating and Experimental Investigation of Hydrogen Combustion in One-Cylinder Four-Cycle Engine with Spark Inflammation

Energy Saving Technologies

- 19 Nikitin E.E. Technical and Economic Efficiency of Air Thermal Pumps with Drive from Gas and Piston Cogeneration Installations of Hot Water Supply Systems
- 24 Grigoriev R.V. The Optimization of Local Electric Power Industry Systems by Energy Efficiency and Reliability Criteria

Raw Materials Processing and Resource Saving

- 30 Khvastukhin Yu.I., Kostogryz K.P., Roman S.M., Tsyupyashuk A.N. The Efficient Heat Insulated Material from Volcanic Glass in Fluidized Bed Manufacture
- 35 Makarenko A.A., Ploskonos V.G., Belozeroval O.M., Evseev M.M. The Influence of Waste Paper Milling Process on Physical and Mechanical Properties of Paper
- 40 Strativnov E.V., Kozhan A.P., Moskalik L.D., Ryabchuk V.S. The Features of Oxidized Graphite Drying in Gushing Bed

Wastes Purification and Processing

- 44 Nazyuta L.Y., Smotrov A.V., Gubanova A.V., Kornev G.V. The Structure of Technological Wastes from Full Cycle Metallurgical Enterprises Recycling
- 54 Procenko A.V., Dmitrikov V.P., Gulyaev V.M. Reactive Utilization of Exhausted Alkaline Silver-Zinc Cells

Environment Protection

- 58 Kupchik L.A., Torhonska S.A., Nikolaychuk A.A. The Manufacture Method and Sorption Properties of Lignified Sunflower Husk
- 62 Such N.V., Trofymenko S.I., Puziy A.M., Stavitskaya S.S., Tsyba N.N., Kovtun M.F. Absorption of Technogeneous Pollutants by Active Carbons of Lignocelluloses Raw
- 66 Zamai J.V., Dzijuba V.A., Zamai O.E. The Efficiency of Sewages by «Bio-P1 PROM» and «Food Pulp Treat» Biological Products Treatment

Devices and Equipment

- 70 Pikashov V.S., Trotsenko L.N., Velikodny V.A., Vinogradova T.V. The Investigation of Heat Exchange between Moving Particles and Solid Surface

Information

- 76 VINITI information
